
AMBIENT
SYSTEMS

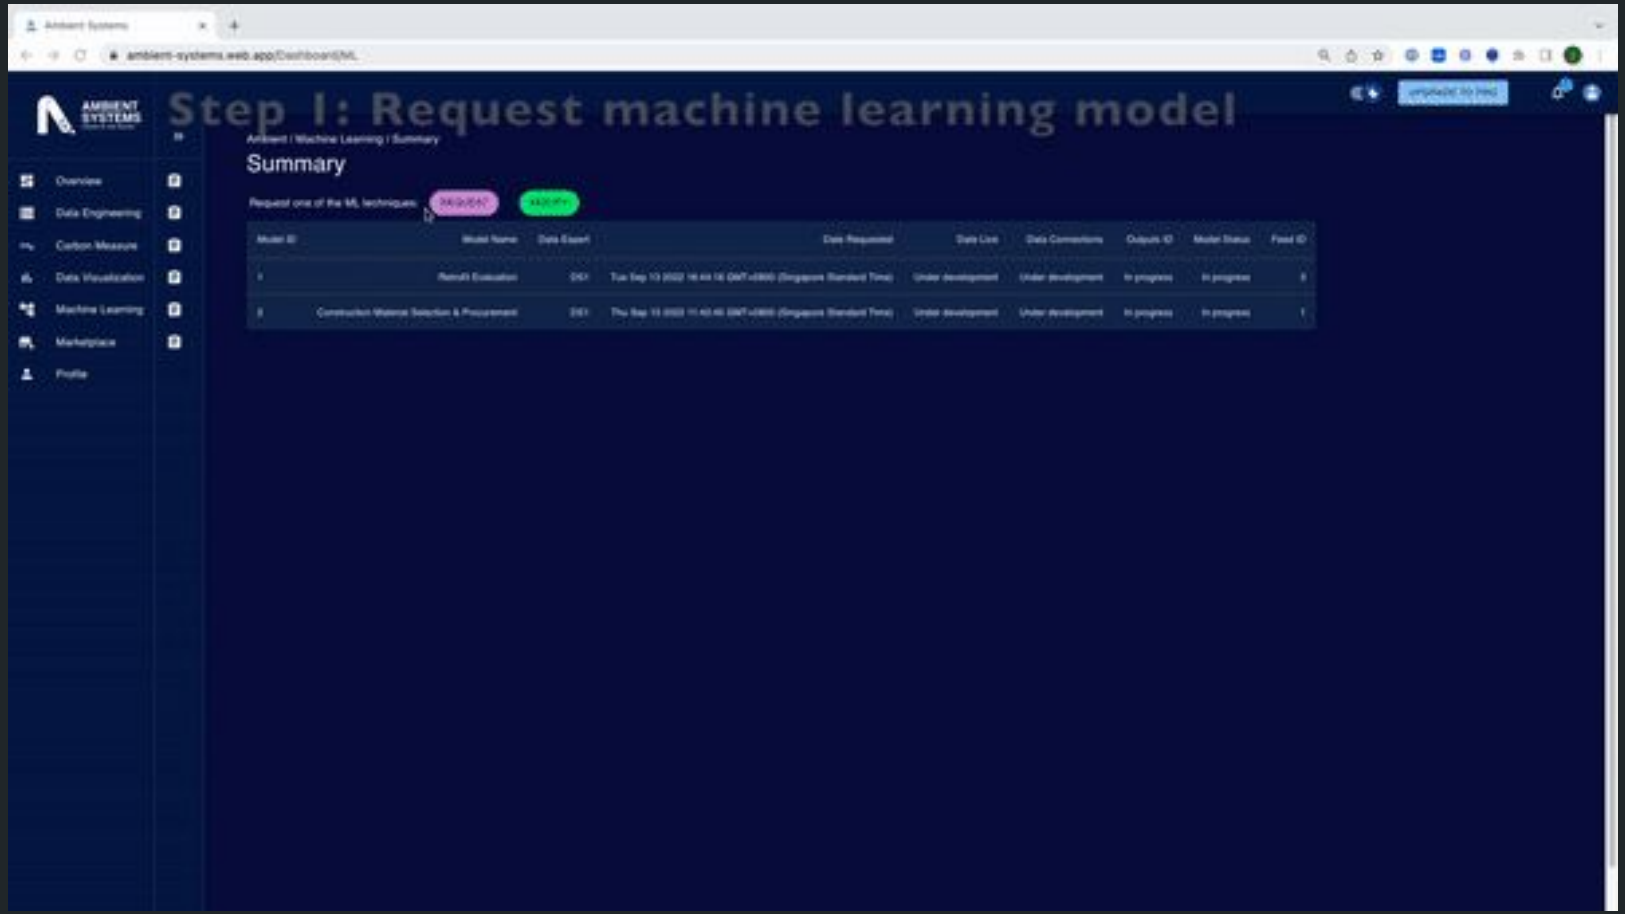

Imagine growing 75% more food with same amount of space

Or getting high quality produce at 20% less cost

This could be our reality

Product Intro

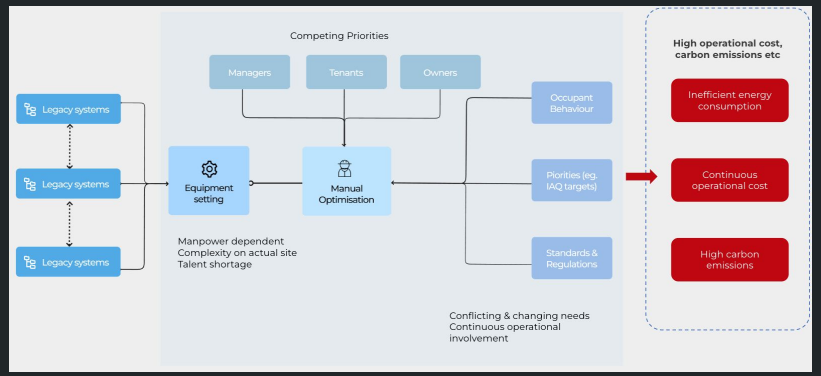

Helping to Streamline Analytics

Common Process

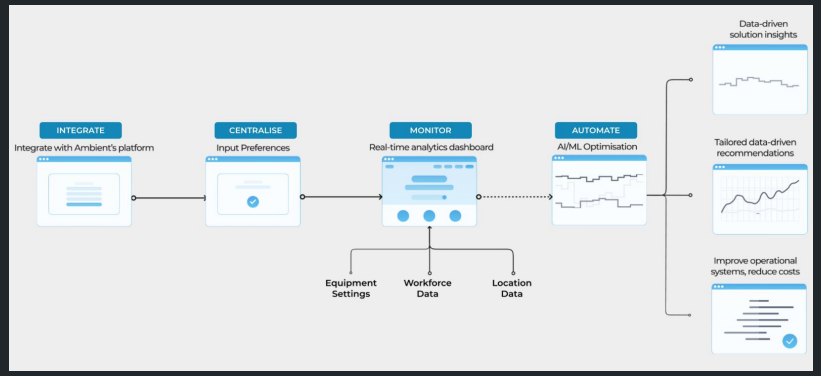

6-12 months

$100k to complete

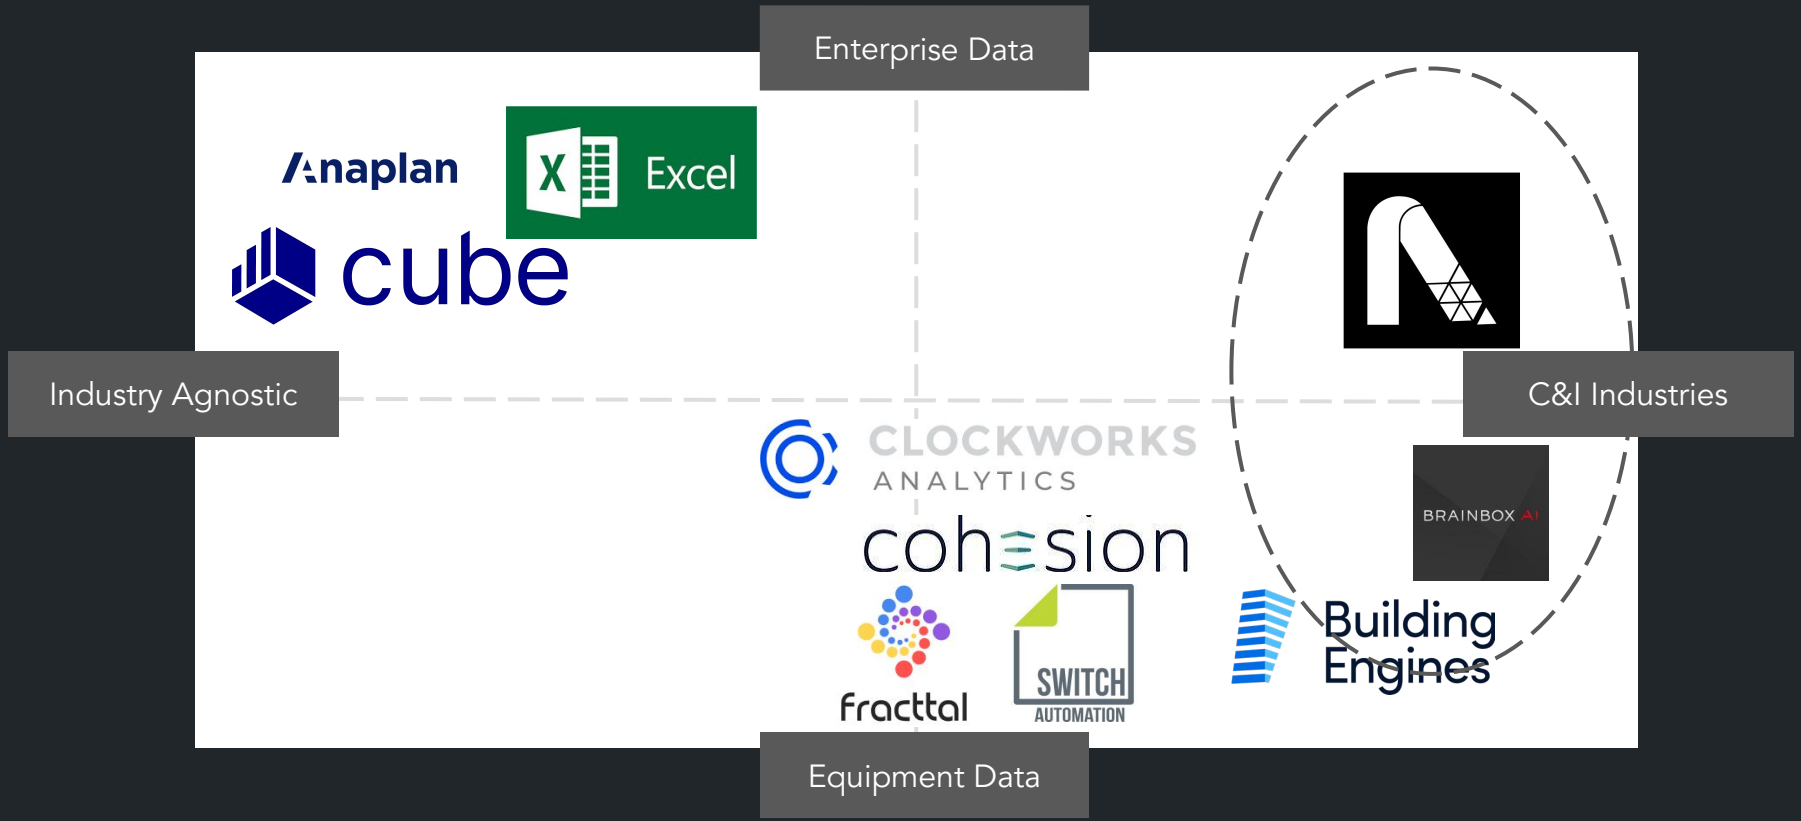

Ambient's Process

3 clicks and a few data sources

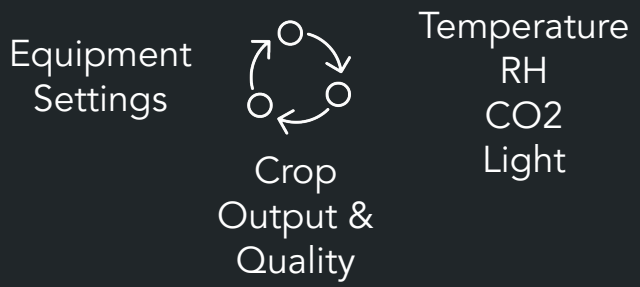

Real-time analytics software for the industrial sector

Beachhead market in Vertical Farming

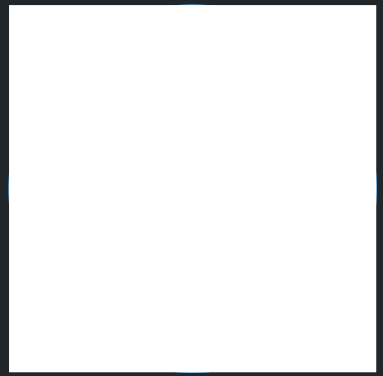

75% increase in production output identified

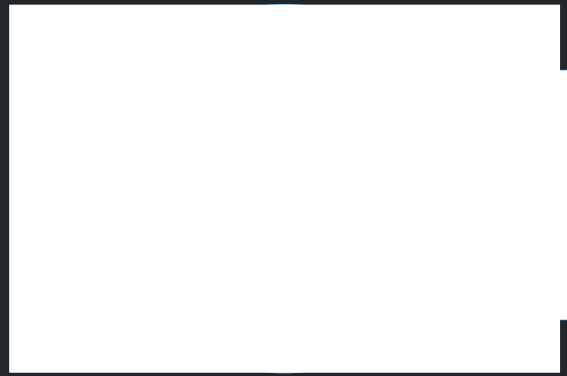

Optimising for maximum Crop output and quality

Founded by tech & finance experts

CEO & Founder

Hiring

CFO & Chief of Staff

(Co-Founder Role)

Team Members

- 2 industry advisors
- 3 part-time developers
- 1 marketing intern
- 2 data analytics interns

We've completed cutting edge incubators and programmes in Singapore for technology and AI startups

Our market development and product roadmap

	Phase 1 Sep 2022 – Jan 2023	Phase 2 Jan – Jun 2023	Phase 3 Jul – Dec 2023
Market	Complete Pilot Projects	Secure projects with leading Singapore REITs	Scale across REITs portfolios
Product	Build additional models & datasets	Build more ERP integrations & ETL pipelines	Provide capital access and financing

We'll need $300k for the next 12 months

Financials until Seed Round (Q4 2023)

Burn rate (varies by customer feedback):
- Min: $10k per month
- Max: $25k per month

Revenues:
- Aiming for 6 recurring contracts valued between $50k - $150k annually

Fundraising (SGD):
- Asking: $300k SGD
- NUS: $100k
- Gap: $200k USD

(North American Angel Investors + Accelerators)

Available as a Free Open Source version or as an Enterprise version for multi-location portfolios

Free

Perfect for one property

$0/month

- Web App on GitHub
- Deploy on your own cloud
- Connect with your existing machine learning deployment process

Enterprise

Perfect for REITs and multi-location portfolios

Custom-pricing: $30k-$50k per year

- Ambient deploys on your cloud environment (single or multi-cloud)
- Leverage Ambient's streamlined data verification and machine learning processes hosted on Google [redacted] and/or AWS
- Get access to a Data Expert to support your data science capabilities

Ambient aims to be a leader in service, cost, and customization

	Ambient System's SaaS Offering	Hire an External Consultancy	Build an In-house Team
Service	Ongoing Subscription with Dedicated Account Engineer	Fixed Project Duration Limited Maintenance Service Multiple Points of Contact	Hard to recruit Requires on-boarding Expensive training Management overhead High turnover risk
Cost	Fixed	Variable	Variable
Modelling	Based on domain expertise	Limited domain expertise	Requires multiple hard-to-find experts to tune Technical uncertainty and risk Expensive and complex IT vendor management process Cybersecurity risks

We’re focused on serving top industrial players

ARR	Market	Methodology
$100M+	Serviceable Obtainable Market (SOM)	Estimated conversion x Annual Contract Value
$200M+	Serviceable Available Market (SAM)	Top 20 Industries x Annual Contract Value
$1,000M+	Total Addressable Market (TAM)	Top 100 Industries x Annual Contract Value
