AMBIENT SYSTEMS
Climate At Your Service

There are undesired interactions between buildings and crops

- **Temperature and Humidity affects level of photosynthesis**
- **Humidity promotes**
- **Same Crops in different areas are not grown in standardized conditions**

Our B2B Subscription Model

Yearly Subscription Model

Basic Monitoring

- Real-time data
- Online dashboards
- Push Alerts

Coming Soon

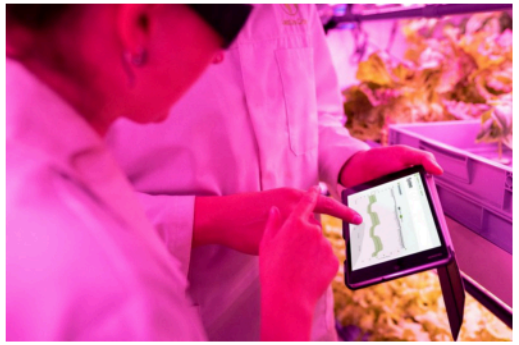

Automated Building Controls

- Full HVAC connectivity
- Real-time environmental adjustments

Coming Soon

Advanced Insights

- Integrate user data
- Obtain Actionable Insights according to needs

One-time — **Installing Sensors**

Integration Cost
SGDXX / Sq ft

Per Month — **Software Subscription**

Cost of Maintenance
SGDXX / month

Additional Insights
SGDXX / month
