Agri-tech remains key area of investment in Southeast Asia

Farm Management Software, Sensing & IOT is the top 5 most invested category in the region (2019)

1. **In-Store Retail & Restaurant Tech**
   Shelf-stacking robots, 3D food printers, POS systems, food waste monitoring IoT.
2. **Online Restaurants and Meal Kits**
   Startups offering culinary meals and sending pre-portioned ingredients to cook at home.
3. **eGrocery**
   Online stores and marketplaces for sale & delivery of processed & un-processed ag products to consumer.
4. **Midstream Technologies**
   Food safety & traceability tech, logistics & transport, processing tech.
5. **Farm Management Software, Sensing & IoT**
   Ag data capturing devices, decision support softwa big data analytics.

Local farms sees supports from local government sectors

*Agriculture sector of Singapore is engaged mainly in the production of eggs, fish and vegetables for local consumptions
(1) Fish only includes seafood from coastal and land-based farm production and excluding local landings of seafood (seafood catches from local waters)

Our Features

Seamless Building Integration

Enjoy full connectivity within your farm and perform real-time environmental adjustments based on crop

Monitoring In Real-Time

Access real-time data through online dashboards and receive push alerts anytime anywhere

Grow With Data Insights

Apply data-driven solutions to understand factors that affect growth and quality, enabling better crop health

Pilot Project

[In Progress]

We offer end-to-end climate control solutions that are guaranteed with our Pay As You Grow revenue sharing model

About Us

Ambient is a deep-tech spin-off from the National University of Singapore that is developing an integrated hardware-software solution for climate management of vertical farms.

The product leverages intellectual property on securely combining various sources of data and machine learning to enhance building performance.

Product Development

- **Master of Computer Science (Ongoing)**
  National University of Singapore
- **BASc, Civil Engineering, Sustainable Energy**
  University of Toronto
- **Serial Entrepreneur**
  5 years experience in cleantech & deep tech start-ups

, Finance
Singapore Management University

- **Strategy and Fundraising**
  3 years experience across e-commerce, gaming and payments
